## **13 Reports from the Clerk and the Councillors**

### **13.1 Canal update**

Cllr T Britton gave an update on the canal breach situation as it currently stands. Councillors attend a weekly online strategic meeting that involves representatives for Cheshire East and Peel Holdings. Little Bollington with Agden Community Council (LBWACC) Councillors can ask questions and state their concerns providing 'the voice' of Local residents and representation of any concerns. LBWACC Cllrs are happy to report back 'high level information' to residents on the decisions being made. LBWACC have no authority on the rebuild of the canal however, they are the voice of the residents and report back to residents on the decisions being made. Respecting the residents during the rebuild is always a priority for LBWACC in these meetings. Councillors have stressed to Peel that the rebuild plans should be considered appropriate for a tourist and beauty spot, whilst also considering the longevity of any build, so that residents are not left with a similar situation in another 50 years.

The silt and debris from the canal breach that spilled on to agricultural land has been tested however, National Trust are in the process of externally validating the results before they share the information with LBWACC, CE and Peel.

At present National Trust has advised that no agricultural practices of the 48 hectares that were impacted be used until the results are confirmed. The results are overdue and will be shared as soon as available.

Many residents may or may not be aware that during the breach the main sewage pipeline out of Little Bollington was broken, initially contaminating the surrounding areas. This has been temporarily rectified with the 24/7 use of a tanker collecting and taking the sewage out of the village. Unfortunately, this tanker does cause some disruption (albeit minimal) and its positioning has raised concern, as it could prevent emergency service access to fields, public footpaths and the canal. This concern was highlighted by the recent health emergency on Warf Lane, which required residents to instruct tanker drivers to support ambulance and paramedic access. Since the incident, the fire service have carried out a review and instructed the tanker drivers to be in attendance at all times (otherwise removing their vehicle)

**Please note that there is a Heart defibrillator at the school which can be accessed. The cabinet is locked but if you call 999 and tell them the box number (on the cabinet) they will give you the key code to open. A further defibrillator can be found at Costcutter at the Broomedge junction.**

### **14 To confirm the date of the next meeting as Tuesday 23<sup>rd</sup> September 2025 at 7:00pm in the Sports hall at Little Bollington C of E Primary School.**

The date was confirmed as Tuesday 23<sup>rd</sup> September 2025 at 7:00pm.

**The meeting closed at 8:20pm**
